

Jason Use Cases

Visual Paradigm Enterprise(Student(Buckinghamshire New University))

Feature List

1. The player can move around in four directions controlled by the keyboard

●Collect Coin

ID: UC13

♀Computer

ID: AC05

●Damage Enemy

ID: UC11

●Damage Player

ID: UC07

●Fire Projectile

ID: UC09

●Move Enemy

ID: UC06

The enemy moves a bit slower than the player, can see the player when the enemy is close. When the enemy sees the player the enemy moves directly towards the player, else the enemy moves in random directions.

●Move Player

ID: UC05

The player can be moved in four directions (left, right, up, down) controlled by the keyboard. The player cannot move outside the boundary of the screen, and the screen shows the entire landscape.

● Move Projectile

ID: UC10

♀ Player

ID: AC04

● Spawn Coins

ID: UC12

● Spawn Enemy

ID: UC08
